

Drink AOX – The most effective natural antioxidant alkaline water

More uses of AOX

Cooking Sticky Rice.

Soak the rice in AOX water for 30 minutes before cooking. The cooked rice will be more fragrant and taste like Japanese sticky rice.

Keeping Fish Fresh.

Soak fish from the market for 10 minutes before refrigerating them. It helps to remove the fishy smell and keeps fish fresh for a long time.

Removes toxins from meat.

Soak the meat in AOX for 5 minutes before cooking. AOX helps to remove the toxins. The AOX small water cluster size will penetrate the meat, making it tender.

Cleans fruits and vegetables.

Soak the fruits or vegetables before eating or cooking. AOX's anti-bacterial properties help to eliminate pesticides and parasites. Its antioxidant properties keep the vegetables and fruits crunchy and fresh.

Drink AOX – The most effective natural antioxidant alkaline water

Slimming Effects

Drinking 200 cc of AOX water 20 minutes before and after your exercise routine will help to detoxify the body. The AOX smaller water cluster size will flush out body fats and toxins resulting in natural slimming effect.

Brewing Green Tea using AOX water at room temperature.

Hot water often destroys much of goodness in green tea. You can brew green tea using AOX water at room temperature and it tastes just as good. Try it! (It is possible because of its smaller water cluster size as compared to tap water.)

Brewing coffee and other beverages.

With its smaller water cluster size, it helps to diffuse coffee and tea more effectively; resulting in richer and tastier beverages.

Watering of plants.

AOX natural minerals help plants to grow faster and healthier. Use AOX to see the difference.

Start your family with AOX antioxidant alkaline water for better health.
