

AOX-2000 Series Antioxidant Alkaline Water Purifier

Benefits

AOX ionises your water through the generous infusion of hydrogen, oxygen and negatively charged ions. This gives your water millions of powerful antioxidants which is highly effective in removing free radicals (the leading causes for cancer, diabetes, hypertension, hypotension & gout). Antioxidants works just like Vitamin C! They strengthen your immunity system and promote anti-aging, keeping you looking and feeling fresh and youthful.

AOX reduces your water molecules into smaller clusters, allowing your body to hydrate more efficiently than through drinking normal water. It also boosts your body's absorption rate of nutrients and essential minerals.

AOX alkalises your water, making it capable of restoring pH balance in your body and flushing acidic metabolites and toxins in the cellular level.

AOX mineralizes your water with health-sustaining minerals such as calcium, potassium, magnesium, sodium and silica to promote healthy cells, bones, joints, organs and skin. (Presence of minerals has been tested by HSA Singapore.)

AOX removes dust, sand, rust and other forms of sediments in your water. AOX removes harmful chemicals and cancer causing substances such as chlorine, THM, pesticides and carcinogens. It also eradicates odour in your water, making it smell and taste great!

Complete Purifying, Antioxidant and Alkaline Filter System

F12-U: 1 Micron Sediment Carbon Block Filter

Filters sediments such as rust, particles, sand and lead in the water. It removes organic chemical substances such as chlorine, detergent, THM, pigment and carcinogens. Hence, it alone acts like a 2-Stage Sediment/Carbon filter. Foul smell is also eliminated, leaving fresh tasting water for your consumption.

F3-U: AOX Antioxidant Alkaline Minerals Filter

Makes the water alkaline and antioxidant in nature. It supplies essential minerals such as calcium, potassium, magnesium, sodium and silica to promote healthy cells, bones, joints, organs and skin. Furthermore, it decreases the size of water molecule clusters.

F4-U: Post Activated Carbon Filter with KDF-55

Made of high-grade granulated activated carbon and KDF-55 for the elimination of algae and fungi, controlling bacteria growth. It also removes chlorine, pesticides and other organic compounds, eradicating unpleasant taste and odour. KDF-55 eliminates 99.99% of all viruses, bacteria and other microorganisms from the water.

Made in Korea.

AOX-2000NU

AOX-2000UTS

No Water Wastage!
No Harmful Ionising Radiation!
No Risk of Rusty Electrolysis Plates!
AOX uses 100% Natural Bio-Minerals!
SGS Lab, AVA, WHO, FDA and KFDA TESTED 100% SAFE!

Special Features & Specifications

Counter Top / Under Sink with 4-Stage filtration process.

AOX-2000NU is an ideal wall mounted model. This model can be placed on the kitchen top without occupying too much space. To free up more space, go for the AOX-2000UTS model. All that is exposed is the sleek Stainless Steel Faucet nicely fitted on the counter top. The filter unit will be concealed below the sink.

- ✓ Direct piping - no disruption of dispensing water.
- ✓ Turn ordinary tap water into natural antioxidant alkaline via 4-stage filtration.
- ✓ No water wastage.
- ✓ No harmful ionising radiation.
- ✓ No risk of rusty electrode plates.
- ✓ AOX uses 100% Natural bio-minerals.
- ✓ Independent lab-tested 99.99% Coliform Bacteria Removal.
- ✓ SGS Lab, AVA, WHO, FDA and KFDA tested 100% safe.

Flow Rate: 90-120 (Liter/hr)
Pressure: 20 (PSI)
Power: 12V / D.C. (1A)
Dimension: W28 x B13 x H42 cm
Net Weight: 3.9 kg
