# SPRING OF LIFE

Singapore artiste, Sherry Tan, is an AOX water customer so thoroughly convinced of its goodness that she turned proud spokesperson. Read more about how her whole family experienced significant health benefits from this miracle water.

SHERRY FIRST HEARD ABOUT the benefits of alkaline water from her friend and that convinced her to start drinking it too; only problem was that she could not find a brand that she liked. After doing research, she found out about AOX: AOX took a blood test for a pre-AOX cleansed Sherry, and the results showed that her blood cells were clustered together and there was the presence of harmful free radicals. After drinking AOX water, she took the test again, and this time, her blood cells were no longer clustered, and the free radicals were gone. Seeing is believing, and Sherry was so sold by the wellness AOX water can bring to one that she bought the AOX dispenser.
